FIRE DEPARTMENT

The progress made in the **Fire Department** of the Company has been very marked, and is the result of the promptitude with which Claims for loss or damage by Fire have always been met.

The utmost Security is afforded to Insurers by the ample Capital and large Reserve Fund, in addition to the annual Income from Premiums.

Insurances are granted at Moderate Rates upon almost every description of Property.

Seven Years' Policies are issued at a charge for Six Years only.

Rents Insured at the same rate of Premium as that charged for Buildings, but must have a separate Sum placed thereon.

Household Insurances.—As it is sometimes inconvenient to specify in detail the contents of dwelling-houses, and to value them separately for Insurance, the "Lancashire" grants Policies at an annual premium of 2s per cent., covering "Household Goods and Property of every description" in one sum.

Agricultural Produce, Farming Stock (Live Stock excepted), Implements and Utensils of Husbandry, subject to condition of average, 10s per cent. Live Stock separately Insured without average at 3s per cent. Use of Steam Thrashing Machine allowed without extra charge. Animals killed by Lightning are paid for by this Company if Insured against Fire.

Distilleries, Woollen Mills, Warehouses, Ships in Docks, and all Mercantile Property Insured on favourable terms.

Short-period Policies are granted, and Policy and Stamp Duties paid by the Company.

Policies of other Companies Transferred free of expense.

LIFE DEPARTMENT

Indisputable World-wide Policies. No Restrictions. Moderate Rates. Payment of Claims on proof of Death and Title. Two Independent Valuations of Life Liabilities. Quotations of Life Rates to meet Special Contingencies. Immediate provision for payment of Death Duties.

cleanly prepared by Machinery and properly fired.

In connection with above, there are well-appointed

LUNCHEON AND TEA ROOMS.

TEA

QUEEN'S GATE,
INVERNESS.

GILLANDERS' TEAS have already made a name for themselves over the North of Scotland, *not by extravagant and untrue statements*, but by being what they are represented, viz., **Honest Value**, and value which he challenges any firm to beat.

And following up the motto, "**The Highlands for the Highlanders**," K. A. GILLANDERS hopes soon to see the day when there will not be a family in the North of Scotland who will think of sending their orders for the refreshing beverage further South than the **Capital of the Highlands**, and towards accomplishing this object he invites you to send or call for samples of his

1/6, 1/8, 1/10, and 2/2 TEAS

and is confident that all giving them a fair trial will be convinced of their merits.

All that is stipulated for is "**Fair field and no favour.**"

His Teas are guaranteed to be always regular and equal to sample, and if any party thinks a parcel of Tea is not up to their expectations, the Tea will be received back, postage paid both ways, and the money refunded.

Orders from 5 lbs. up to 10 lbs. will be delivered post free. Larger parcels will be sent, carriage paid, to nearest station or pier.

K. A. GILLANDERS,

TEA DEALER and GROCER,

QUEEN'S GATE, INVERNESS.

LEMON & COY.'S

Celebrated Table Waters

To be had in Large and Small Bottles or Syphons.

COPY OF ANALYSIS.

“LABORATORY ‘AVALON,’
“PUTNEY COMMON, LONDON, S.W.,
“February 15th, 1899.

“DEAR SIRS,

“This is to certify that I have subjected to Chemical Analysis samples of the following Aerated Waters and Beverages, viz.: — ‘Double Soda Water,’ ‘Potass Water,’ ‘Unfermented Ginger Beer,’ ‘Champagne Nectar,’ ‘Double Lemonade,’ ‘Aromatic Ginger Ale,’ ‘Kola Champagne,’ and ‘Royal Seltzer Water,’ all manufactured by you, and have also chemically investigated the Water and other raw materials used in their preparation. I have submitted to you an exhaustive Report setting forth the details of my examinations, and I have pleasure in stating the following opinion, which is based upon the results of my work:—The Water employed by you is of high organic purity, and especially well suited to the Manufacture of Aerated Beverages. The other raw materials are of the very best quality. That you exercise the greatest care in your Factory, employing thoroughly efficient plant, and working under hygienic conditions, is clear from the facts which is set forth in my General Report.

“There is no metallic or organic contamination at any stage of the Manufacture; your products are pure, wholesome, and well-made.

“I have rarely examined any Beverages which are so excellent in every respect, and never any better, for in my Laboratory Records are classified some thousands of samples from every part of the United Kingdom and Colonies.

“Yours faithfully,

“J. T. NORMAN, F.C.S.”

1900 INVESTIGATION.—A Compound Bonus of £1 15s per cent. per annum has just been declared. Many of the earlier Policies are more than doubled. A Policy for £2000 effected in 1845 amounts to £4674 4s, and continues to receive further additions.

LOW PREMIUMS.—Special attention is directed to the “**Minimum**” Premiums of the Society. These rates are deservedly popular, being less than usual non-profit rates, thereby admitting of a large assurance at a very low premium—*e.g.*, the yearly premium payable for life, age 30, for an ordinary “**With-Profit-Policy**” for **£1000** will assure **£1826** under this class. Though less than usual non-profit rates they receive a modified share in the profits.
